Purpose of Report:

This report will enable Council to agree a response to the Section 106 Consultation on Major Planning Application 21/00328/FUL:

Background:

This consultation was originally responded to in December 2020 on the pre-application for this proposed development. The response was based on local consultation with Stony Stratford Town Football Club, community aspirations from the Stony Stratford 'Made' Neighbourhood Plan (which was the result of public consultations) and local knowledge of the impact the development could have on the area.

The Full Planning Application S106 consultation was then considered at the [Planning Committee meeting on 22nd February 2021](#). Please [click here for the draft minutes](#).

Update:

Since the February Planning Committee meeting, Milton Keynes Council has now agreed to spend c£390,000 on the Galley Hill Arts Centre and Small meeting place.

Council is asked to **CONSIDER** its response to the MKC S106 Consultation.
